ALLIANCE HEALTHCARE CONTINUES TO **REDUCE ITS** **IMPACT ON THE ENVIRONMENT**

Alliance Healthcare removes 392 tonnes* of CO2 and more!

The UK's leading pharmaceutical and health and beauty wholesaler continues to implement environmentally conscious activities to reduce its impact on the environment. In recent years we have achieved the following:

- ✓ Removed 55 tonnes of plastic to date as part of our pledge to remove 60% of single-use secondary plastic from our operations within three years
- ✓ Replaced over 1.8 million* single use plastic bags and cardboard boxes with reusable tote bins for H&B orders
- ✓ Saved over 1.3 million* pages of paper each year by providing our customer price lists online
- ✓ Switched to LED lighting across our main support centre office
- ✓ Encouraged a waste reduction culture across its business through a superhero character.
